

Thames Valley Horsewatch

Horsewatch is a scheme that exists to connect all horse owners and riders with the intention of improving our security and communication. We aim to reduce rural and equine crime and just like Neighbourhood Watch much can be achieved through general awareness and a little effort from each individual. The scheme is nationwide and supported by most Police Forces. Each area has local groups, run by a co-ordinator who acts as your first point of contact

You do not have to own a horse to become involved. We welcome all horsey people whether you just ride occasionally or own the local livery yard. By banding together we can be far more alert to what is going on locally or nationally. You may even meet some neighbours you didn't know you had! Ideally everyone should be involved so the information can be spread quickly and widely. We also encourage tack shops, saddlers and feed merchants to join up.

The local co-ordinators will send you information on security, tack marking, shows, events, etc. Horsewatch has no connection to any business or company and is run solely for the benefit of the members. To join simply complete the form below and return it in the envelope. Your details will be forwarded to the co-ordinator who covers your area. Please ask all your friends to become members too. Feel free to copy the form or ask for duplicates to be sent to you.

The Police also operate Ringmaster. This is a message system that provides secure internal communication to the Horsewatch groups giving out information, warnings and details of crimes. Messages can be sent by phone, fax or e-mail quickly and precisely to contacts all around the country. This is an ideal way to trace stolen horses or property and to be added to the system you need to complete a separate application form. Your co-ordinator will send you a copy.
