

## Stop and Search IAG Meeting

### Minutes

**DATE:** Wednesday 29 January 2020

**TIME:** 17:00–18:00 Viewing of Body Worn Videos & Review Forms  
18:00 – 20:00 Hrs – Main Meeting

**LOCATION:** Thames Valley Police Headquarters, South, Oxford Road  
Kidlington, OX5 2NX. CCMT Conference Room

Attendees:		Position and Area
	JR	Chair S&SIAG and Vice Chair for SIAG
T/ACC Chris Ward – Dialled in	CW	ACC Local Policing - TVP
Insp Georgia Pickwick	GP	Local Policing – TVP
Insp Emily Roberts	ER	SO to T/ACC Ward
	LV	Oxford, SIAG – Standing down
	CDF	Wycombe IAG
	DO	S&V IAG and Rural Crime
Jo Braithwaite	JoB	COA ACC Chris Ward TVP

#### Apologies:

Ch/Supt Gavin Wong	GW	Local Policing – TVP
	RM	SIAG - Bicester – Standing down
	JW	Reading IAG
	PS	My Life My Choice
	DT	Oxford IAG. S&SIAG and SIAG
	MT	NLCC

#### 1. Introductions and Apologies - Chair

Welcome, introductions and apologies noted.

JR welcomed Insp Emily Roberts who has taken over from Insp Jen Hogben as Staff Officer to T/ACC Ward.

LV advised this would be her last meeting, she is standing down due to new work commitments, but one of her colleagues may be interested in joining the group and will ask him to make contact with JR.

JR informed those present that RM has also stood down due to work commitments. RM has recommended an ideal candidate to join the SSIAG.

#### 2. Review of minutes and actions from the last meeting - Chair

The minutes from the meeting held on 13 November 2109 were reviewed and agreed as an accurate recording of the meeting.

## Stop and Search IAG Meeting

### Minutes

JR advised not every LPA are putting their minutes from their IAG meetings on the TVP website.

- **Cherwell and West Oxon** – latest one is of 16.10.2019 and is chaired by TVP. Stop and Search is not discussed.

DO advised the South and Vale IAG is an inactive IAG and he has stood down as Chairman. Regarding disproportionality DO voiced his opinion that if a certain sector of society are causing problems, then more of them will be stop and searched which causes disproportionality, this he agrees with.

JR noted DO's opinion but replied, many BAME communities believe that the Police focus on one particular community. Whilst many members can sympathise and try to understand the impact on BAME communities and those individuals that are innocent but repeatedly stopped and searched, we cannot fully understand how they feel unless you are from a BAME community and repeatedly stopped and searched.

Insp Pickwick confirmed, there will also be disproportionality, and we acknowledge that, but it is Thames Valley Police job as an organisation, is to justify and rationalise why there is a disproportionality. TVP will share with the community that it may effect, and that they understand the reason for the disproportionality.

- **Wycombe** – latest one is of 05.12.2019. Disproportionality was not captured in the minutes. CDF confirmed that she had attended that meeting and stop and search along with disproportionality was discussed.
- **Bracknell & Woking** – latest on 02.09.2019. Stop and Search not discussed.
- **Aylesbury** – latest on 04.12.2019 – Stop and Search not discussed. Minutes on website were not anonymised.
- **Milton Keynes** - latest on 11.12.2018. Stop and Search not discussed and minutes were not anonymised.
- **Reading** – Stop and Search not discussed and minutes were not anonymised. It was noted JW attended but did not provide an update on Stop and Search.

The Local IAGs minutes are produced by the Administrative Support Officer on the LPA.

Stop and Search should be a standing agenda item. Disproportionality should also be discussed.

Insp Pickwick to email LPA Commanders and their ASOs regarding IAG minutes, and to advise that the Corporate Memory should be updated in relation to Stop and Search data and activity. **Action 01: 29.01.2020**

**Wycombe Logo** - ACC Ward confirmed LPA Commander for Wycombe did raise this with the IAG chair. ACC Ward will provide JR an update by email. **ACTION 02: 29.01.20**

## Stop and Search IAG Meeting

### Minutes

**Street Craft Training** - 250 Officers have evaluated the training on the overall package. Supt Freeman emailed the evaluation of the training to be circulated to members. **ACTION 03: 29.01.20**

**Email update from AB on Serious Violence & Knife Crime Programme:**

Development of the Thames Valley Strategic Violence Reduction Unit continues with the first meeting this Friday of the leaders from the top tier local authorities, NHS, Thames Valley Police, Education and the Youth Offending Service. This meeting will seek to shape the strategic direction of violence reduction in the Thames Valley and seek views as to the approach to be taken locally across the Thames Valley.

The views of local communities about how best to reduce violence and support young people are being captured through a series of programmes across the Thames Valley.

Working with Redeem Our Communities events are now scheduled in Milton Keynes on;

- Feb 4th Grange Park, and surrounding areas
- Feb 5th Monkston Park and surrounding areas
- Feb 24th Water Eaton, Bletchley and surrounding areas
- Feb 25th Milton Keynes central.

And on;

- March 30<sup>th</sup> in Whitley Reading
- March 31<sup>st</sup> in Blackbird Leys Oxford

Intensive Engagement will shortly be commencing their engagement projects in High Wycombe and on Bretch Hill in Banbury.

These projects will all be seeking to work with local communities and partners to work collaboratively with communities and partners to build on what already works well within the local communities to help provide positive pathways for young people and reduce violence.

All of these programmes will work with local people to develop mentoring schemes to help provide additional support and resilience for young people.

Local IAG's should be sighted on these projects.

We are continuing to work with partners and third sector providers to use additional Home Office funding to enhance local provision for prevention and early intervention opportunities. Based on academic research of what works we are focussing on trying to support those young people who are on the cusp of school exclusion in order to help support them to remain in mainstream education. Exclusion from school would appear from evidence to be a significant precursor to involvement in gang related violence.

## Stop and Search IAG Meeting

### Minutes

We are continuing to work with partners and third sector providers to help those already caught in the cycle of serious violence through a range of diversionary interventions. An example of this is the Divert scheme we have introduced into the Loddon Valley custody suite. Their diversion mentor will work with those people who have been arrested for violence and drug related crime in order for them to find a positive pathway away from crime related activity. This will be very much complimented by the diversion scheme RA is working on within the Abingdon Custody Suite.

This is a brief summary of a significant programme of work with a number of strands of work taking place across the force.

#### **3. SSIAG - Terms of Reference - JR**

The Terms of Reference has been circulated to the Group and feedback has been received from a member of the Group. It was agreed for JR to collect all comments and proposed amendments from members to forward to GP. **ACTION 04: 29.01.2020.**

JR informed the meeting that many Stop and Search panels are meeting monthly where body worn videos are reviewed. It was noted in the press that the Metropolitan Police have pulled BWV footage due to GDPR concerns, JR to report back on any updates. **ACTION 05: 29.01.2020.**

**DECISION:** It was agreed that Insp Pickwick and JR to meet on a monthly basis to view each LPA individually and view BWVs, Corporate Memory, disproportionality and positive outcomes.

ACC Ward is meeting with an officer next week to look at what the Metropolitan Police are doing around behaviour profiling – ACC Ward will contact JR to provide feedback of the meeting, and for consideration at a future SSIAG meeting.

**ACTION 06: 29.01.2020**

#### **4. SSIAG Policy - JR**

Insp Georgia Pickwick confirmed this is a Thames Valley Police SSIAG Policy and is currently under review. It was also confirmed that an Equality Impact Assessment will be conducted. **ACTION 07: 29.01.2020**

#### **5. SSIAG – Membership and Training - JR**

JR stated it is obvious that a recruitment drive is necessary. We need diverse individuals from the community so that we can hear their views and experiences.

JR asked the question whether the Group could do a press release for a recruitment drive. ACC Ward confirmed the SSIAG is not seen as a Thames Valley Police meeting as it is chaired by an Independent member of the Public. Therefore it should come through the Chair. **ACTION 08: 29.01.2020**

TVP Policy states that members of the SSIAG are vetted. There is a formal IAG form which they need to complete to become a member. There is a link on the TVP website to direct community members that would like to join the SSIAG.

## Stop and Search IAG Meeting

### Minutes

JR confirmed she is speaking in the Somalian Community in Milton Keynes where she is hoping to get a representative on this group.

JR advised she is initiating some 'community conversations' as part of her role in the CPS advisory group where they have community conversations within Thames & Chilterns communities. It is hoped that engagement at these events could attract new members on to the SSIAG and also for young people to voice their concerns. The Chief Crown Prosecutor is willing to attend, and JR is looking for representatives from the Police, local MP, council, Chairperson for local IAG, and Safety Partnership Team. Sensitivity will be key within small minority groups, therefore not all representatives could be invited to attend these events as we do not want the event perceived to be 'mobbed handed'. A local African Caribbean community group in Milton Keynes are very keen to host one event. JR asked whether it would be feasible to contact all Thames Valley Police CADOs (Community and Diversity Officer) to ascertain what they are doing on their LPA on Stop and Search to avoid duplication in the community.

**ACTION 09: 29.01.2020**

JR informed those present that she is currently seeking what other forces and other agencies deliver in stop and search for IAG members. It was noted that the PCCs will provide funding for training. JR informed the meeting that she had a meeting with Anthony Stansfield, Police Crime Commissioner and will report back to this meeting.

**ACTION 10: 29.01.2020**

#### **6. Organisational Review Slides: Insp Georgia Pickwick.**

##### **Slide 3: Stop Searches:**

There has been a 75% (5,500) increase in the number of stop and searches compared to the previous 12 months. There was a spike in October which was caused by a significant number of Section 60 searches. Of the 5,500 searches, 1,700 were in the last 3 months. 1,000 stop searches were section 60 searches.

The figures are showing an increase in confidence from the officer's use of stop and search. This is really positive however we just need to get the quality of the searches better as there has been a significant drop.

##### **Slide 4: All Search Reason:**

Significant increases in Slough, due to the S60s. There is a small increase in Oxford, but for noting, Oxford already had a high level of searches last year due to the drugs exploitation work. S60s were issued in Slough, Milton Keynes and West Berkshire. Section 60s is only a small percentage of the overall increase. JR noted that although S60 brought an increase in stop and searches in slough, the data showed no disproportionality.

##### **Slide 5: All Search Reasons – December 2019 - November 2019:**

Normally searches for drugs are around 70% - this has come down a little. S60s make up 8% of all of the searches in the last year.

## Stop and Search IAG Meeting

### Minutes

Windsor and Maidenhead are very proactive with a good Problem Solving Team who do a lot of targeted work, and their outcomes are very good.

#### **Slide 6: Positive Outcomes.**

Positive outcomes rates for S60 were 8.3% - which is low. Overall in Thames Valley the outcome rate has dropped to 21.9%.

As identified in the Organisational Review meeting we are getting better in using stop and search more confidently. All the SPOCs have been asked to dip check their stop and searches on area and provide feedback. They have also been asked to identify their top searchers, who also have a high outcome, on their LPA and to use them as mentors in the use of stop and search.

Stop and Search is not a performance indicator. However, your performance when you exercise the power is a valid indicator and therefore is an overall performance indicator.

#### **Slide 7: Knife Crime.**

Knife Crime remains one of the priority success measures in the Force Strategic Plan for 2020/2021. Most of the year, we saw a reduction of knife crime against last year. However, it has crept up over the last few months – now we are seeing a 1.6% on year, but actually the year to date increase is 4%.

There is an increase of Robbery with a bladed article – up by 10%. This may be linked to more recording of knife crime, and the work the Violence Reduction Unit are doing. What is not included in knife crime is possession of weapons offences which is an indicator of our proactivity in that area. Thames Valley is showing a 12% increase for possession of articles with blades or points. **ACTION 11: 29.01.2020**

#### **Slide 8: Knife Crime by LPA.**

Year on year there has been a 1.4% increase. Highest figures are in Milton Keynes (297), and Reading (205). There has been a big increase in Bracknell Forest and Wokingham and Chiltern and South Bucks.

#### **Slide 9: Ethnicity – December 2018 – November 2019.**

On this slide instead of having 2 types of disproportionality figure, we have incorporated where the self-defined Ethnicity is left blank or refused (not stated), we have used the officer defined Ethnicity.

The disproportionality is worked out by based on Ethnicity – Black, Asian and Mixed against white search levels using population figures for LPAs and currently you are 6.7 times more likely to be searched in Thames Valley if you are Black, 3 times more likely if you are Asian and 2.6 more times if you are mixed.

The disproportionality aims are: 3.2 (black), 1.5 (Asian), and we are clearly up.

When we are talking about disproportionality and targeting a specific demographic for stop and search, as long as we can justify and rationalise why we are doing that, and

## Stop and Search IAG Meeting

### Minutes

the intelligence and the information bears this out, we make that clear to the communities we police.

Insp Pickwick questioned, are we targeting more young black males because they are more active in County Lines, or are we stop searching more black males because that is what we are focused on? Are we getting this right – we need to look at this and make sure that we are confident that we are getting it right.

JR advised of a recent Parliamentary briefing on Stop and Search and it stated that HMIC are very critical of police forces not doing enough to monitor stop and search. The briefing also mentioned that The Equality of Human Rights Commission are still indicating racial discrimination in stop and searches.

#### **Slide 10: Stop Searches – Children: December 2018 – November 2019.**

Quarter of all searches are on children under 18 years of age with West Berkshire having the highest searches (35%) but with a low positive outcome rate.

#### **Slide 11: Stop Searches – Ethnicity – December 2018 – November 2019.**

The disproportionality is worked out by using a young person's set of schools census. Currently - 2.5 Black / 1.5 Asian / 2.0 Mixed are more likely to be searched than a young white child. These figures are more likely to be more reflected of the population.

JR advised as members of the SSIAG we should be taking these figures back to our local IAGs for discussion.

#### **Slide 12: Highest number of searchers.**

An officer in the NH Problem Solving Team from Windsor and Maidenhead LPA is the highest searcher (213) per year with 114 (54%) positive outcome. He is an experienced NH Officer and has a targeted approach to searching. Need to be careful that officers with lower searches, that this is not seen as a performance issue.

It was also noted, that this slide should not be published on the external website due to having officers' details on it.

Going forward, if the slides are published, this slide should be redacted. The slide can be circulated through the SSIAG and IAGs.

#### **Slide 13: JOU Officers conducting Stop Searches.**

The figures relate to where the stop search took place. All LPA searches conducted by JOU Officers across the force is 4.3% with a 23.3% outcome rate.

JR advised this has given us a good overview on what has happened on each LPA. Insp Pickwick confirmed we will always be behind by about 6 weeks on reporting data. In order to be more progressive as other forces that review data and BWV monthly, JR will meet monthly with Insp Pickwick for this. **ACTION 12: 29.01.2020**

### **7. Stop and Search Complaints: Insp Georgia Pickwick.**

## Stop and Search IAG Meeting

### Minutes

There are no new stop and search complaints. JR advised there were still some outstanding from 2018 and none for 2019 according to the TVP website. ACC Ward confirmed there should not be any complaints which are outstanding from 2018 and that he will forward a summary of the 2019 complaints (local & PSD investigations) to JR. A summary of all stop and search complaints at local resolution was also requested. **ACTION 13: 29.01.2020 & ACTION 14: 29.01.2020**

#### **8. Body Worn Video (BWV): Insp Georgia Pickwick.**

JR and CDF viewed 3 x BWV and there were 2 sets of paperwork. The LPAs have not put forward any BWV footage on any paper forms for the meeting.

- First BWV, along with paperwork, was in Oxford on 20.01.2020 – the outcome was a warning. Reason was intelligence of no insurance – this led to the smell of cannabis. There was no mention in the stop search that the person was entitled to a stop and search form, and the Police Officer did not state which station he was from.
- Second BWV – West Berkshire on 19.01.2020. The stop and search of the vehicle was intelligence that the vehicle was involved in an altercation. 4 x persons were in the car. Following a stop and search there was nothing found, but there was further intelligence that led to the arrest of suspicion of affray. The Police Officer did not state which station he was from.
- Third BWV – on 02.01.2020. This was on intelligence on information to supply drugs. One male and one female were in the vehicle. There was an arrest for offensive weapon.

JR and CDF confirmed satisfied with the searches. However, all members should refresh themselves with the PACE, GOWISELY and BUSS.

CDF mentioned that the BWV highlighted how disrespectful young people are towards the police.

#### **9. AOB:**

JR recommended the following papers of interest;

- College of Policing has published a Knife Crime evidence briefing
- HMICFRS – Both sides of the coin (The police and National Crime Agency's response to vulnerable people in 'county lines' drug offending)
- Thames Valley Research Journal – published an academic article on drugs diversion - "Going soft on drugs". A recent survey in slough measuring public confidence 'Serving with Pride and Confidence' from Slough. Also, another survey of police officers across Thames Valley Police on Body-worn video, police behaviour and criminal justice

JR to circulate if required.

DATES to NOTE

## Stop and Search IAG Meeting

### Minutes

- A National IAG conference will be held on 13 May 2020, in Luton and hosted by Bedfordshire police force.
- Later this year there will be a Thames Valley Police SIAG Conference.

JR and the Group thanked LV and RM for their contributions to the SSIAG and wished them both well.

#### Date of the next meetings:

30.04.2020 **PLEASE NOTE THE DATE CHANGE**

12.08.2020

25.11.2020

#### • ACTION LIST:

<b>Action 02</b> <b>13.02.2019</b>	<p><b>JR will look at the local IAG minutes around stop and search and bring to this meeting for a discussion.</b></p> <p><b>Updated: 01.05.2019</b></p> <p>JR advised not every IAG are uploading minutes on to TVP website, and it would appear minutes differ from each IAG. S&amp;S should be a standing agenda item at every IAG.</p> <p>GW will send contact LPA Commanders requesting S&amp;S as a standing agenda item, and for minutes to be uploaded on TVP website.</p> <p>GW to look at Wycombe IAG and discuss with them their use of independent logo, and not using TVP Logo.</p> <p><b>Updated: 14.08.2019</b></p> <ul style="list-style-type: none"> <li>• GP to forward link from TVP website to JR of where the minutes can be found of IAG minutes along with the link to the S&amp;S TVP webpage.</li> <li>• Wycombe independent logo – no update available.</li> <li>• JR has found the minutes on line on the TVP website however, the layout was dis-organised in terms of date order and order of each committee / group. Also, outdated documents.</li> </ul> <p><b>Update: 13.11.2019</b></p> <ul style="list-style-type: none"> <li>• The minutes which are on the external TVP website are dis-organised. GP advised she has spoken with Corporate Comms and there is nothing they can do to change the format. They cannot put them in chronological order as it is a National system and the coding in the name of the document cannot be changed.</li> </ul>	<p>JR</p> <p>GW <b>Now passed to GP</b></p> <p>GW <b>Now passed to ACC Ward</b></p> <p>GP/JR <b>COMPLETE</b></p> <p>GP <b>COMPLETE</b></p>

## Stop and Search IAG Meeting

### Minutes

	<ul style="list-style-type: none"> <li>GP to ask Corp Comms to remove minutes older than 3 years.</li> </ul> <p><b>Updated: 20.01.2020.</b> IAG Minutes - JR updated that not all LPA's are uploading their IAG minutes onto the TVP website. Those that are, do not discuss Stops &amp; Search and disproportionality.</p> <p><b>New Action 01 : 29.01.2020</b> Wycombe Logo - ACC Ward confirmed LPA Commander for Wycombe did raise this with the IAG chair. ACC Ward will provide JR an update by email.</p> <p><b>New Action 02 : 29.01.2020</b> Insp Pickwick to email LPA Commanders and their ASOs regarding IAG minutes, and to advise that the Corporate Memory should be updated in relation to Stop and Search data and activity.</p>	<p>ACC Ward /JR</p> <p>GP</p>
<p><b>Action 03</b> <b>01.05.2019</b></p>	<p>Update for new APP on android phone GP to liaise with Service Improvement to see if it is possible to do a Survey Monkey on whether officers like / dislike the new or old phones.</p> <p><b>Update 14 August 2019</b> A Working Group has been set up around the new APP which GP is a member of. Will update at the next meeting.</p> <p><b>Update 13 November 2019</b> We have already established that the uptake of the APP with officers across the force, is very poor. Looking at Digital Frontline and the changes going ahead regarding the systems TVP use, we currently use a system call Air Point. There is a business case being put forward for a separate system called Pronto. Pronto is used in neighbouring forces, and it is more user friendly. We have also been considering a "stop gap" – CA12 – but this was dismissed as not fit for purpose.</p> <p>Digital Change are in favour of us staying as we are, and as an organisation we have to accept the fact that the use of the APP is going to very low. However, by using the paper form, we are not getting GEO Codes for the Home Office. A lot of the problems with the APP is connectivity in certain areas. It would still be interesting to know what other Forces are using.</p> <p>For information: Digital Frontline – is TVPs Digital Change Programme.</p>	<p><b>GP</b> <b>CLOSED</b></p>

## Stop and Search IAG Meeting

### Minutes

	<p>We do want our officers to use the App but it is currently not feasible and their preference is paper – our only concern is the GEO Code – but the framework is not in place for us to do that.</p> <p>GP will speak to Wycombe SPOC and ascertain why the APP is working for them.</p> <p><b>Update 29.01.2020</b>  <b>Due to the digital changes causing delays from Air point to Pronto it was agreed to close this action and to be updated in the future from ORM.</b></p>	
<b>Action 07 01.05.2019</b>	<p>Provide the data on under 25yrs that are predominantly male for a breakdown on Race – As requested at the recent SIAG meeting</p> <p><b>Update 14 August 2019</b>  GP will ask Service Improvement to run the data around under 25yrs that are predominantly male.</p> <p><b>Update 13 November 2019</b>  GP to chase up.</p> <p><b>Update: 29.01.2020</b>  <b>Breakdown for under 25yrs has been added.</b>  <b>GP has been made aware of HMICs AOIs (areas of improvement) in relation to stop and search is asking for a routine collation of data broken down by ethnicity into fine. This will be across the board, and not just for young people.</b>  <b>We will look at getting this going forward as a general slide – this will also require some narrative behind it.</b></p>	<b>GP CLOSED</b>
<b>Action 08 01.05.2019</b>	<p>The Service Improvement Department are looking at whether there are any repeat stop and searches</p> <p><b>Update 13 November 2019</b>  GP to chase up.</p> <p><b>Update 29.01.2020</b>  <b>GP will chase up.</b></p>	<b>GP Carried over</b>
